PROFILE

Full-stack developer passionate about 3D web experiences and automation. Skilled in React, Next.js, Node.js/NestJS, Flutter, and Three.js. Turn ideas into interactive, performant applications

WORK EXPERIENCE

COWI Autobiz

JUNE 2025 – PRESENT

Automation & Workflow Assistant (n8n)

- Built and maintained 15+ automation workflows using n8n to support daily business operations.
- Integrated multiple systems (Google Sheets, APIs, Email, Webhooks) to reduce manual processing time by ~40%.
- Collaborated with team members to analyze workflows and identify automation opportunities.
- Monitored and optimized workflows to ensure stable performance and data accuracy.

Independent Contractor

MAY 2025 – PRESENT

Freelance Web/Mobile Developer

- Delivered multiple web and mobile projects for international clients, focusing on responsive UI and stable functionality.
- Built applications using React, Nestjs, Nextjs and Flutter based on real-world client requirements.
- Translated client requirements into scalable and maintainable applications with clean UI/UX.
- Collaborated remotely with clients to manage timelines, handle feedback, and ensure on-time delivery.

ICT Đông Á

MAY 2025 – AUGUST 2025

Intern Full Stack Developer

- Participated in building a production-ready souvenir e-commerce website using React, Node.js, MongoDB, and WebSocket.
- Implemented shopping cart, payment gateway integration, promotions, and real-time chat features.
- Designed and consumed RESTful APIs to support core business logic and data flow.
- Enhanced front-end responsiveness and usability to improve the customer shopping experience.
- Worked collaboratively in a team to deliver features on schedule and resolve technical challenges.

IT Support

DEC 2022 – NOV 2024

IT Support + Chinh Nguyen Computer

- 2+ years of hands-on experience in IT support, system setup, troubleshooting, and basic development environment configuration.

NGUYỄN THÀNH NHÂN
